Celebrating the Natural Beauty
of the Door Peninsula
Welcome to the
Festival of Nature

A celebration of the precious species, rare habitats and natural beauty we protect.

Partners in Conservation

Once again, these conversation organizations have come together to bring you the Door County Festival of Nature. Though the missions of our partnering organizations overlap, each brings a particular strength and focus to the goals of preservation and environmental stewardship.

Crossroads at Big Creek

Located at the crossroads of Highway 42/57 and Michigan Street in Sturgeon Bay, Crossroads at Big Creek provides facilities for and guidance in research and experience-based science exploration. Staff and volunteers maintain trails and natural areas where people can explore the wonders of nature in an environmentally friendly way. Programs and activities help learners of all ages commit to nurturing the environment and protecting the quality of life in Door County.

Door County Land Trust

Protecting Door County’s exceptional lands and waters...forever.

Door County Land Trust protects more than 8,000 acres of open space, scenic beauty, and ecological integrity. Door County Land Trust nature preserves are open to the public at no charge for hiking, cross-country skiing, wildlife observation, some forms of hunting, and other low-impact, non-motorized recreational activities. Door County Land Trust is accredited by the Land Trust Alliance Accreditation Commission and is a local, member supported, non-profit organization. Trail maps and more information may be found at www.doorcountylandtrust.org.

Greater Escarpment Organization of Door County

The mission of the Greater Escarpment Organization of Door County is to cultivate knowledge and stewardship of the Niagara Escarpment and its geological, ecological, and cultural wonders through raising awareness in people of all ages and from all walks of life. Further information about us can be found at our website and Facebook: www.geo.dc.org and Facebook.com/geo.doorcounty

The Nature Conservancy

The Nature Conservancy is a global conservation organization guided by science and dedicated to conserving the lands and waters on which all life depends. We have worked with landowners, communities and other partners in Door County since 1962 to protect ecologically significant lands and waters from Mink River Estuary to Shivering Sands Preserve. You can find us on the web at nature.org/wisconsin.

The Clearing

The Clearing, a folk school for adults in Ellison Bay, offers classes in the arts and fine crafts, humanities and natural sciences. The Clearing was founded in 1935 by renowned landscape architect and conservationist, Jens Jensen, and is on the State and National Registers of Historic Places. For information, stop at the visitor center at 12171 Garrett Bay Road in Ellison Bay, call 920-854-4088 or visit www.theclearing.org.

Open Door Bird Sanctuary

Come enjoy the unique experience of birds of prey in a natural environment! Be awed and inspired by close encounters with raptors during a 1-hour program, talk with educators, see and touch artifacts and visit birds on display. With 34 acres of serene landscape, 3 different scenic hikes and a picnic area, make it an afternoon to remember! Open to the public every Saturday between June 20-September 5; Friday 7/3 and Sunday 9/6. Program at 1pm, guided trail hike 2:30pm - open 12-4pm. (Private tours available at any time by appointment).

For over 80 years, The Ridges has been an integral part of the rich, natural setting of the Baileys Harbor community and the Door County Peninsula. Founded to preserve the original 30 acre parcel, The Ridges has grown thoughtfully and strategically to ensure the protection of the most biologically diverse ecosystem in Wisconsin. The mission of The Ridges is to protect the Sanctuary and inspire stewardship of natural areas through programs of education, outreach and research. Visit www.ridgessanctuary.org for more information.

Wisconsin Department of Natural Resources

In keeping with its mission, the Wisconsin DNR is dedicated to working with the citizens and businesses of Wisconsin while preserving and enhancing the natural resources of Wisconsin – our air, land and water, our wildlife, fish and forests and the ecosystems that sustain all life. In partnership with individuals and organizations, DNR staff promote a healthy, sustainable environment and a full range of outdoor opportunities.

Wisconsin Wetlands Association

Wisconsin Wetlands Association is a statewide, non-partisan, and science-based organization dedicated to the protection, restoration, and enjoyment of wetlands and associated ecosystems through science-based programs, education, and advocacy. We envision a state where wetlands are healthy and plentiful and support ecological and societal needs and where citizens care for, appreciate, and interact with these natural resources. Our work prioritizes providing tools and expertise to help others protect, manage, and restore wetlands. For more information, visit wisconsinwetlands.org.

FESTIVAL DINNER & KEYNOTE PRESENTATION  
Thursday, September 3, 4:30 PM  
**Location:** About Thyme Farm 8425 Cty. F, Baileys Harbor  

After a day exploring the natural splendor of Door County, spend a relaxing evening in the picturesque setting of About Thyme Farm, an organic farm on the outskirts of Baileys Harbor. The Farm’s beautifully restored, rustic barn is the setting for both our dinner and keynote presentation. Casual, layered attire is recommended. Most field trip attire will be appropriate for the casual ambience of the farm.

Like many of the properties featured in our Festival field trips, About Thyme Farm is privately owned and is not open to the public. We know you’ll enjoy this special opportunity to experience this lovely property and ask that you respect the privacy of those who live and work on the Farm by coming only during the times specified for Festival activities.

**Reception & Beverage Service:** 4:30 PM  
**Dinner:** 5:00 PM  
Enjoy a delectable family style dinner with dessert prepared by About Thyme Catering.  
$35/person  Register by August 29  Limit: 170  

**Welcome & General Announcements:** 6:15 PM  
**Keynote Presentation:** 6:30 PM  

**John Bates,** Naturalist and Author  
**Keynote:** *Our Living Ancestors: The History and Ecology of Old-growth Forests (and Where to Find Them).*

With only 0.2% of our original presettlement forests still intact in Wisconsin, old-growth forests are a rare treasure to explore. But why are they important, and where can you go to find them? Join John Bates to discover why we cut nearly all of our old-growth down, where the best sites left are in Wisconsin, and what makes them so ecologically remarkable today.

John Bates is the author of nine books and a contributor to seven others, all of which focus on the natural history of the Northwoods. He’s worked as a naturalist in Wisconsin for 30 years, leading an array of trips all designed to help people further understand the remarkable diversity and beauty of nature, and our place within it. His most recent book is *Our Living Ancestors: The History and Ecology of Old-Growth Forests in Wisconsin (and where to find them).*

John won the 2006 Ellis/Henderson Outdoor Writing Award from the Council for Wisconsin Writers for his book *Graced by the Seasons: Spring and Summer in the Northwoods.* He has served on the Board of Trustees for the Wisconsin Nature Conservancy, the Wisconsin Humanities Council, and the River Alliance of Wisconsin. He currently serves on the Board of the Northwoods Land Trust, and the Board for the Wisconsin Conservation Hall of Fame.

John and his wife, fiber artist Mary Burns, live on the Manitowish River in Iron County where they raised two daughters.

**Sunday Morning Coffee Clutch and Weavings Presentation**  
**Women and Water**  
**Special Exhibit Presented by Mary Burns**

This exhibit will be on display Thursday thru Saturday during the Festival of Nature at the Cook-Albert Fuller Nature Center.

“Water is the source of all life. In many traditional cultures water is imbued with feminine roles and symbolism; women are the protectors of water. Because women give birth, they were/are the keepers of water. The goal of this exhibit is to celebrate and honor water, as well as the women who work with it, protect it and advocate for it. Featured will be women who are water-walkers, scientists, teachers, and healers, all who hold deep connections with water. The intent of this globally-inspired exhibit is to help develop and strengthen our own ties with water and inspire actions to protect our waters.

“Hand-woven jacquard portraits of these women will form the core of the exhibit. Included currently in this phase of the exhibit are portraits of **Grandmother Josephine Mandamin,** First Nation Ontario, Canada; **Autumn Peltier,** Wikwemikong First Nation, Ontario, Canada; **Rachel Carson** (pictured above), United States; **Carol Warden** and **Emily Stanley,** UW-Limnology Trout Lake Station; **Jessica Ryan,** Brothertown Indian Nation, Wisconsin. There are many more portraits to come.”

**Women and Water Reception**  
Friday, September 4th, at 5:30 PM  
Join us for a special presentation by Mary Burns to explore the “behind the scenes” view of her incredible art.

**Coffee Clutch with John Bates**  
Friday, September 4th, 8:00 - 9:00 AM

Friday, September 4 – Morning

1. Plum and Pilot Island Tour
   Friday, September 4, 8:30 am – 12:45 pm
   Leaders: Friends of Plum and Pilot Island
   Fee: $45
   Representatives of the Friends of Plum & Pilot Islands and the US Fish & Wildlife Service are your guides for this tour. Visit Plum Island and view the natural beauty of this part of the Green Bay National Wildlife Refuge. The hiking tour, along established trails, will focus on the natural and maritime history aspects of the island and its plant and animal communities, including a bald eagle nest site, a small wetland complex, and a multitude of migratory birds. The hike will be about 1 mile in length.
   NORTH. Meet: Shoreline Charters, Gills Rock
   Limit: 14

2. Horseshoe Bay Farms Tour – NEW
   Friday, September 4, 9:00 – 11:30 am
   Leader: Andy Gill
   Fee: $25
   In 2018, Horseshoe Bay Farms, Inc. was established to act as responsible stewards (through preservation, rehabilitation and activation of historic Horseshoe Bay Farm) so that they could secure the future of Horseshoe Bay Farm for generations to come. Spend the morning exploring Horseshoe Bay Farm, located on the beautiful shores of Green Bay, along the Niagara Escarpment. This site has been recognized for its prominence in the development of Door County, both in the agriculture industry as well as a civic landmark.
   CENTRAL. Meet: Horseshoe Bay Farms, Egg Harbor
   Limit: 15

3. Segway Ridges Road
   Friday, September 4, 9:00 – 11:00 am
   Leaders: Segway the Door Tours
   Fee: $50
   Guided Segway tour amongst the nature of Toft Point and to the entrance of Toft Nature Preserve. We will go down a gravel road where unique wildlife and vegetation have found their niche. A spy view of the Birdcage Lighthouse and great views of the water are also included in this glide. Instruction on Segway operation included.
   CENTRAL. Meet: Baileys Harbor Town Hall. Limit: 8

4. Guided Kayak on Kangaroo Lake – NEW
   Friday, September 4, 9:00 – 11:00 am
   Leader: Brian Forest
   Fee: $25
   Experience the unspoiled areas of one of Door County’s Wetland Gems, Kangaroo Lake. Your tour of the north end of Kangaroo Lake promises to be filled with opportunities to see birds, wildlife and plants native to this very diverse community. Bring your own Boat.
   CENTRAL. Meet: Coyote Roadhouse, Baileys Harbor
   Limit: 10 boats

5. Kangaroo Lake Area Bird Diversity – NEW
   Friday, September 4, 9:00 – 11:30 am
   Leader: Tom Prestby
   Fee: $25
   Explore a variety of habitats to find a broad list of birds and refine or learn your bird identification by ear. We’ll meet at the Kangaroo Lake Nature Preserve, protected by the Door County Land Trust, to take a short hike to explore the bird habitats, and then carpool to explore wooded areas, a marshy area, and the nearby grasslands and orchards.
   CENTRAL. Meet: Kangaroo Lake Nature Preserve, Baileys Harbor
   Limit: 15

6. Woods at Monument Point – NEW
   Friday, September 4, 9:00 – 11:30 am
   Leader: Sandy & Craig Schultz
   Fee: $25
   Join conservation easement landowners, Craig and Sandy Schultz, for this rare guided opportunity to visit the Woods at Monument Point Natural Area. This natural area is a combination of three private properties protected by conservation easements and
Do you have trouble telling one conifer from another? Here’s a chance to learn 11 (and maybe 12) different conifer trees. At the end of this session, you’ll be able to distinguish white from black spruce, hemlock from balsam, red from white pine, fir from spruce and more. We’ll start with a short overview of conifers before heading out to find and ID various conifer species on the trails of the Ridges Sanctuary. Dress for the weather including footwear.

CENTRAL. Meet: The Cabins at The Ridges Sanctuary. Limit: 12

8. Cozy up to Conifers
   Friday, September 4, 9:00 am – 12:00 pm
   Leader: Jane Whitney & Julie Knox
   Fee: $25

With thousands of acres protected by the Door County Land Trust and The Nature Conservancy, North Bay State Natural Area is one of Door County’s ecological gems. Paddle along with us and we’ll explore it all from the water! Along the way we’ll visit the mouth of Three Springs creek where it empties into North Bay and land to take a short hike into the towering White Pines and sea caves of the Door County Land Trust’s Walt’s Woods Natural Area. Bring your own boat.

NORTH. Meet: North Bay Public Boat Launch, Sister Bay
Limit: 10 boats

10. Explore the Mink River Preserve with The Nature Conservancy
   Friday, September 4, 9:00 – 11:30 am
   Leader: The Nature Conservancy
   Fee: $25

Join The Nature Conservancy as we hike the Mink River Preserve’s Schoenbrunn Trail. On this relatively flat, 1.75-mile hike we’ll be on the lookout for spring wildflowers and migratory birds. We’ll experience transitioning forest types as the out-and-back trail leads...
us to the shoreline of the Mink River, where you’ll learn about how the current high-water levels effect the estuary. Wear good walking shoes and bring binoculars.

**NORTH. Meet:** TNC’s Schoenbrunn Trailhead, Ellison Bay. **Limit:** 16

11. **Explore the Miller Conservation Easement**  
**Friday, September 4, 9:00 – 11:30 am**  
**Leaders:** Ed & Sandy Miller  
**Fee:** $25

Here’s an opportunity to visit a privately owned property not usually open to the public! Protected by Door County Land Trust conservation easement, the Miller property contains a variety of habitats and landscapes including dense cedar swamp, wetlands, and fields with scattered shrubs and young trees. As you hike the property, you’ll learn about its history, the ecology of the North Bay/Mud Lake area, its inclusion as a Ramsar property in 2015, and the Miller’s sustainable lifestyle. Waterproof footwear may be needed.

**CENTRAL. Meet:** Miller Property, Baileys Harbor. **Limit:** 16

16. Experience the Brey Cycle Demo Farm
   Friday, September 4, 1:30 – 4:00 pm •
   Leaders: Brey Cycle Demo Farm & NRCS
   Fee: $25
See where milk comes from and how sustainability is behind every decision on this fourth-generation family farm. Learn about modern dairy farming and how milk is sustainably produced, from the crops to the cows. Get up close with the animals as you learn about the life of a calf through becoming a member of the milking herd. We’ll also show you some of the land we use to grow crops to feed our animals and talk about the conservation practices used. Cycle Farm is part of the Door-Kewaunee Demonstration Farm network, testing various innovative practices to help increase organic matter, improve soil health, and reduce soil erosion and nutrient loss.

SOUTH. Meet: Brey Cycle Farm LLC, Sturgeon Bay. Limit: 20

17. Explore Lautenbach Woods Nature Preserve
   Friday, September 4, 1:30 – 4:00 pm •
   Leader: Brian Forest
   Fee: $25
The surface water is long gone from this Door County Land Trust preserve, but this beautiful area provides evidence of ancient glacial drainage paths for the Plum Bottom area south of Egg Harbor. Caves and enlarged rock crevices, coupled with springs that outlet below the escarpment, provide a good example of a classic sinkhole/spring complex. Descend the Niagara Escarpment and enjoy Door County’s seasonal wildflowers as well as intriguing discussion on glacial geology, karst features and challenges of protecting water quality in sensitive areas.

18. The Plants of the Niagara Escarpment – NEW
   Friday, September 4, 1:30 – 4:00 pm •
   Leader: Mike Schneider
   Fee: $25
Enjoy an afternoon walk along the edge of the beautiful Niagara Escarpment at The Clearing in Ellison Bay. Mike Schneider will focus on the plants that grow along and near the edge of the escarpment, highlighted by the ancient arborvitae (white cedar) trees, the oldest trees in North America east of the Rocky Mountains. This hike is co-sponsored by The Clearing and the Greater Escarpment Organization of Door County (GEODC).

NORTH. Meet: The Clearing Folk School, Ellison Bay. Limit: 12

19. Natural Soundscapes and the Spirit of Place – NEW
   Friday, September 4, 1:30 – 4:00 pm •
   Leaders: Stanley Temple & GEO-DC
   Fee: $25
For Aldo Leopold part of the enjoyment of being outdoors was experiencing the sounds of nature. His essays in A Sand Count Al-

manac make frequent reference to how natural sounds provide an important sense of place. By noting and studying the role of sound in the natural world, Leopold proved again to be ahead of his time. Join Stanley Temple, Beers-Bascom Emeritus in Conservation, for an immersive experience into Aldo Leopold’s fascination with natural sounds, introduce the new field of sound-scape ecology.

CENTRAL. Meet: Cook-Albert Fuller Nature Center. Limit: 25

20. Restoration and Hydrology at Oak Road Preserve – NEW
   Friday, September 4, 1:30 – 4:00 pm •
   Leader: Kathy Wolff
   Fee: $25
The Door County Land Trust’s 155-acre Oak Road Nature Preserve lies in an area where the karst bedrock allows water to flow to Green Bay as well as to Lake Michigan. Features of the preserve include farmland restored to prairie and young forest, a hardwood forest, and a large vernal wetland that supports a rich diversity of waterfowl and migratory birds.

CENTRAL. Meet: Oak Road Nature Preserve, Egg Harbor. Limit: 18

Leaders: Waseda Farms Family  
Fee: $25  
Explore the historic organic farm on an exploratory tractor & wagon ride. Waseda Farms is home to cattle grazing on more than 500 acres of beautiful perennial grass pastures in Baileys Harbor. The Certified Organic farm raises cattle, pigs, and chickens and grows fruits, vegetables, and herbs in their 2-acre garden. Waseda Farms was the first in Wisconsin to implement a cattle handling system developed by world-renowned animal behavior expert Temple Grandin. Through improved farming practices that are better for people, animals, and the earth, Waseda Farms works to inspire better eating and better living.  
CENTRAL Meet: Waseda Farms, Baileys Harbor. Limit: 18

29. Going on a Bear Hunt – NEW  
Saturday, September 5, 10:00 am - 12:00 pm  
Leader: Lori Kemmler  
Fee: $10 adults; $5 child (walking to 4 years old)  
We are going on a bear hunt on the Family Discovery Trail. After reading the popular story families will hunt in the wavy grass, deep cold river (stream), thick oozy mud, and the big dark forest to find a bear. Who knows what else we might find. Bring lunch and maybe a change of clothes for a teddy bear picnic in the red pines to end our morning. Each child will receive a bear to bring home as a memory of our adventure.  
CENTRAL Meet: Family Discovery Trail, Baileys Harbor. Limit: 16

30. Fossil Excursion  
Saturday, September 5, 9:00 – 11:30 am  
Leader: Dave Bultman  
Fee: $25  
Hundreds of millions of years ago, Door County was covered by a shallow sea that was teeming with life. Evidence of these prehistoric creatures remain as fossils in the exposed rock beds. Join Dave Bultman, local fossil hunter and expert, as we identify various prehistoric critters and unearth local fossils. The program will start with a brief lecture and then we will carpool to Appel’s Bluff, just north of Baileys Harbor. Light hiking is involved and no digging is required!

32. Old Growth Forest – NEW  
Saturday, September 5, 9:00 - 11:30 am  
Leaders: John Bates & Mary Burns  
Fee: $25  
Meridian Park State Natural Area supports some fine older-growth trees along an unmarked trail that follows an outcropping of the Niagara Escarpment. While most of the site is second-growth, the larger hemlocks, white cedars, and scattered beech and white pine are worth spending time with. The understory shrub layer contains some Canada yew, a species that’s now quite uncommon due to its desirability to browsing deer. This is a relatively short, interpretive walk, where we’ll take our time, poke around, and see what we can find.  
CENTRAL Meet: Meridian Park, Baileys Harbor. Limit: 16

33. Explore Solitude Natural Area  
Saturday, September 5, 9:00 - 11:30 am  
Leaders: Ed & Sandy Miller  
Fee: $25  
The Door County Land Trust’s Solitude Natural Area is part of an important ecological corridor that provides habitat for a host of migratory and nesting birds, amphibians and waterfowl. Solitude is graced with beautiful hardwood forests, vernal ponds, sand dunes and old Successional fields. We’ll focus on geology, natural history and a bit of mystery.

BAILEYS HARBOR
Challenging convention to deliver results.

At Boldt, we’ve woven sustainability into our culture. Environmental responsibility is a natural result of our approach. We consider the full impact of a building on its surroundings, occupants, and the environment as a whole, so we can bring greater value to our customers and the communities we help to build. Build with Boldt to make a difference.
The mission of the Door County Festival of Nature is to cooperatively celebrate and promote the protection of Door County’s natural landscapes and all its components. This is done through a variety of indoor and outdoor educational sessions on wildflowers, birds and the important land and resource conservation efforts taking place in Door County.

“...drink in the beauty and wonder at the meaning of what you see.”
