Camp

Backpack Adventure Camp once again saw over 85 children immersed in nature. Led by The Ridges staff, the four one-week sessions were packed with adventure, exploration and discovery. The campers learned about different insects in the stream, the many different kinds of trees in the forest, caught frogs and snakes, and even made it down to the beach for "Friday beach day"!

School Programs

In 2018, Ridges staff worked with kindergarten (3 classes), 1st grade (2 classes) classrooms at Gibraltar Elementary School in Fish Creek. The staff worked directly with the teachers to provide a once a month experience in the back yard (Peninsula State Park) of the school. Students learned about orienteering, insects, animals, seasons, and even how to just sit and listen to nature.

Preschool Programs

The Northern Door Children's Center brought their preschool-aged students to The Ridges for a six-week experience in the fall of 2018. Every Monday, 16 children explored The Ridges Sanctuary. Based out of the Kaye Cabin, the students and teachers had 2-3 hours of nature-based experiences.

2018 also saw the Peninsula Preschool return for its second year. Every Wednesday, 13 students were immersed in the Sanctuary. Nor rain, sun, snow, or fog kept the staff or children from venturing out into the cedar forest for the morning.

Logan Creek

Led by Ridges staff and volunteers, The Ridges Logan Creek property trails received a major upgrade. A new trail was made to gain better access to the shore of Clark Lake. Brush was cleared, boardwalks were placed and even a bridge or two were built so hikers could walk through the beautiful cedar/hemlock forest. Hundreds of hours were spent putting this trail system together. Thank you to all who made it work!

Orchid

The Orchid Restoration Project continued into its 6th year in 2018. Stronger than ever before, priorities in 2018 included Long-term plot monitoring for the Ram's Head Lady's Slipper, Orchid asexual germination, Inventories of orchid populations across the entire Sanctuary and Identification of mycorrhizal fungi associates. The summer season was capped with the Orchid Symposium held in the Cook-Albert Fuller Nature Center. Over 60 people participated in the day-long event that included presentations from Dr. Dennis Whigham, Smithsonian Environmental Research Center, North American Orchid Conservation Center, Dr. Larry Zettler, Illinois College - Tropical orchid research, Dr. David Remucal, University of Minnesota Landscape Arboretum - NAOCC related orchid work and Dr. Lisa Grubisha, University of Wisconsin - Green Bay - Fungal research at The Ridges Sanctuary and Toft Point. The day ended with an orchid hike led by Matt Peter and Tony Kiszonas, The Ridges staff.

Range Light

The Restore the Range Light capital campaign continued in 2018. With the first round of projects being completed in 2017, nearly \$80,000 in cash and pledges was raised to continue the work in 2019. Range Light tours also continued through the 2018 summer and fall seasons. With a dedicated team of volunteer docents, The Upper Range Light had over 8,000 visitors.

Planting 4 Pollinators

The Ridges was awarded a grant by the Brookby Foundation to install pollinator gardens in front of the Cook-Albert Fuller Nature Center. Four different gardens were planted by staff and volunteers; Shortgrass Prairie, Monarch Garden, Shady Woodland, and Tallgrass Prairie. There were also 4 raised bed gardens representing the four to demonstrate how people could plant their own back at home.

Endowment

The Ridges endowment was established in 1985 and today totals around 2.2 million dollars. The Ridges' endowment funds now have naming rights for gifts totaling \$10,000 or more. Those that give to the endowment in any amount can make that contribution to one of 4 categories: General/Undesignated, Education, Research, or Land Maintenance.

THE RIDGES SANCTUARY

The Albert Fuller Society

One of the first to recognize the unparalleled natural assets of the land, now managed by The Ridges Sanctuary, was renowned botanist Albert Fuller. His tireless efforts on behalf of those assets resulted in the founding of The Ridges in 1937 and, subsequently, in many other important conversation initiatives. The Albert Fuller Society recognizes donors who have made a lasting contribution to environmental preservation by including the Sanctuary in their estate planning.

If you have named The Ridges in your will or trust or plan to do so, please let us know so that we may welcome you into the Albert Fuller Society and recognize this profound contribution to the future of the Sanctuary and your dedication to preserving and protecting its environmental diversity.

Phase II: Donations to The Restore the Rangelight Campaign

The Restore the Range Light Campaign reached another milestone in 2016, completing the fundraising of Phase 1: The Replacement of the roof shingles and renovation of the exterior light room. Built in 1869 and added to the National Register of Historic Places in 1989, the Upper Range Light and its companion the Lower Range Light are the only lighthouses of this design that are still on range and functional as private navigational aids.

Fundraising for Phase II is underway. Thank you to these generous donors:

THE RIDGES SANCTUARY

Members

The Ridges Sanctuary is built on the strengths and contributions of its members. Together we support Wisconsin's first land trust and protect the state's most biologically diverse ecosystem for future generations.
